Think Gun Safety. One Mistake Can Change Your Life.

DEEP RIVER SPORTING CLAYS TARGET COUNTER SYSTEM

HOW IT WORKS: Each shooter and or group of shooters will be responsible for all targets totaled on the counter. All target launchers are clearly marked as "A" trap and "B" trap. You can look at the targets but they will count against your total target count. If you encounter a thrower that is breaking targets, move on and report this to range personnel.

HOW YOU ARE CHARGED FOR TARGETS: Each shooter and or group of shooters will be allowed a 10% allowance on the total on their counter. This 10% will account for broken and or look see targets. There is a standard charge for 25, 50 or 100 targets rounds.

WHEN REMOVING COUNTER FROM EACH STATION CONNECTION, PULL AT THE PLUG.
DO NOT USE THE COUNTER TO PULL PLUG FROM OUTLET!!!!
YOU ARE RESPONSIBLE FOR THE EQUIPMENT
